platform.

4.3. Each Participant may participate in the Promotion any number of times.

5. Information on the Timing and Procedure for Receiving Prizes

5.1. The Bonus is credited to the Participant's Account on the Jetvix trading platform immediately after depositing.

5.2. The Bonus is added to the Free Margin and the Account Equity of the Participant and could be used for opening Positions. The Account Balance is not changed. Bonus is available for Withdrawal only after the Participant completes the mandatory trading turnover.

5.3. To complete the mandatory trading turnover means to open and close such a number of Positions that their total number of lots are equal to or more than half of the Bonus amount (number of lots = bonus amount/2). The lot calculation starts from the moment the Bonus is credited to the Participant's Account.

5.4. The Bonus is available for Withdrawal only if by the moment of completion of the mandatory trading turnover the Bonus is still in the Participant's Account.

5.5. Until the mandatory trading turnover is completed, the Participant can withdraw only their own funds (Free Margin minus a Bonus amount).

5.6. By withdrawing Participant's own funds the Bonus amount is reduced proportionally without changing initial mandatory trading turnover. In this case, the amount of Bonus shall be reduced by either the ratio of the total amount of bonus funds to the Participant's own funds or by the Withdrawal amount, whichever is greater.

5.7. If the Participant has an active Bonus and receives new one before completing trading turnover, initial mandatory trading turnover is increased proportionally.

5.8. If the Participant has an active Bonus and their Account Balance becomes below zero, the Bonus is reset.

5.9. After a Bonus is received, the Participant has the right to cancel it by contacting the Organizer's Client Support Service using the contacts specified in the [Jetvix Client Agreement](#).
