

TERMS & CONDITIONS

- All standard T&C of the broker applies
- 14 days of full service funded account on a live environment with the FXC account manager
- To make a deposit, can be done at any time
- Maximum lot position is 0,10 lots for any available instruments
- Maximum 10 position opened
- Leverage of the account will be 1:100
- Understand, that during the non deposit welcome bonus period, it is not about the profits, but to experience it all, and make the right decision, before to invest with real money.
- It is possible to communicate with the account manager through the WhatsApp, Telegram, Messenger, email, after the successful interview
- All the balance of the NDB account will be added as extra bonus (credit) to the live trading account, after the deposit. Means that the profits that the client made during the welcome bonus period, will be as extra bonus to the deposited trading account.
- Client can provide scalping strategy on the non deposit bonus account, after the deposit, FXC will create a new account margin/scalping depends on the deposit (same login, client don't need to do anything)
- Client can have only 1 non deposit welcome bonus account and only once

- Profits made from the 14 days period of the NDB promotion can be withdrawn, if the conditions are met:

- Client makes a deposit of minimum \$500 or other currency equivalent of the same value, within 30 days from the NDB registration
- Profits will be added to the client's balance to use directly for trading or to withdraw.
- Withdrawal of the NDB trading profits can be done, after the traded lots requirement are met from this simple formula:

All deposits made, divided by 100 = lots required

In example: $(500+500+500) / 100 = 1500 : 100 = 15$ Lots
deposits

Deposits are counted in this equation until the lots condition are met, so we top up the reward. On the real account, once the deposit is done, clients have no restrictions on lot size opening as they will have a regular FXC real account. Lot requirements are counted on volume where 1 lot = 100 000 unit, like 1 lot of forex for example. Therefore, we suggest, for meeting the requirements of this reward, to trade forex or gold, but it is just a suggestion, and not a requirement. The calculation and the reward top up to the balance is not done automatically, but manually. Client must remind us, when the conditions are already met, and our team haven't noticed before.

- Size of the profits that will be added depends on the total deposits made

% of the profits that will be credited to blance	Minimum total deposits
100%	\$10 000
75%	\$5 000
50%	\$2 500
25%	\$1 000
15%	\$500
0%	Less

- There is no time limit to meet the requirements of the reward bonus top up to the balance for trading or to withdraw. Can be completed also after months from the deposit, trading, stop out. It is valid, until the NDB promotion is valid in general on FXC.

Example of the maximum reward:

- Client passes the interview and make all the necessary to get \$1000 welcome bonus
- Client is in communication with the FXC account manager on the phone for 14 days and manages to make a profit of \$1000 within the 14 days period.
- Client attended the webinar, and get 200% deposit bonus in credit.
- Client is happy, and will make a deposit of \$10 000 to open a scalping account and to keep the professional relationship and support from the FXC account manager
- Client is getting:
 - Deposit \$10 000 in balance +
 - Credit bonus \$20 000 in credit (from deposit bonus from webinar) +
 - Credit \$1000 in credit (from being in profit from the NDB promotion) +

- Balance top up \$1000 (from depositing \$10 000 and get 100% of the profits made in the NDB promotion, that can be withdrawn after traded 10 lots on the new account)
- Total account status:
 - Balance \$11 000, Credit: \$21 000, Equity: \$32 000

**This means that the client, in this scenario, can trade with \$32 000, by depositing just \$10 000, after getting 14 days of private education from FXC account manager*

Profits made from the real account trading outside the profits made from NDB account, can be withdrawn according to the classic T&C.

If you like it all and still don't have time for the trading, let us help you to connect to the copy trading, and profit from other people's experience, time, and strategy.

For clients who are not from UK, IRL, EU, NOR, CHE, CAN, AUS, please do check prop trading, where we fund your account with bigger deposit for a small fee, and after you pass the challenge, you get more than 80% of the profits made, to your withdrawal account.

Share the NDB promotion on your social media, tag us, and get bonus – can be the share picture from FXC Trader from first profits

If there will be many requests for calls, we can try to use telegram bot to make the interviews or get us the information, before the call
