APPENDIX

1. XAUUSD247 Product Trading Limits

- Trading in XAUUSD247 is subject to Vantage's applicable product specifications and risk management requirements.
- The following limits apply on a **combined basis across all XAUUSD247 trading activity under the same login**:
 - Maximum size per single XAUUSD247 trade: **500 lots**.
 - Maximum XAUUSD247 **Net Position**: **3,000 lots per login**.
 - Maximum XAUUSD247 **Gross Position**: **6,000 lots per login**.
- These limits apply to the client's **overall XAUUSD247 positions under the same login** and are not calculated separately for the purposes of this Promotion.
- Where the applicable Net Position or Gross Position limit is reached, the trading login will be placed into **Close Only** mode, during which no new XAUUSD247 positions may be opened until the login's exposure has been reduced below the applicable limit.
- XAUUSD247 is also subject to **tiered leverage**, whereby the maximum available leverage may decrease as the client's position size increases. The applicable leverage will be determined in accordance with the XAUUSD247 product specifications available on Vantage's trading platform.
 - **Tiered leverage**: The applicable leverage is determined based on Position Size, being the larger of the aggregate long or aggregate short XAUUSD247 exposure under the same trading login, in accordance with the XAUUSD247 product specifications.

Position Size (Lots)*	Maximum Leverage
0 – 200	100x
> 200 – 540	75x
> 540 – 900	50x

> 900 – 1,350	30x
> 1,350 – 1,950	20x
> 1,950 – 2,700	10x
> 2,700 – 3,000	5x
> 3,000 – 5,000	1x

*For purposes of the tiered leverage schedule, "Position Size" means the larger of the aggregate long or aggregate short XAUUSD247 exposure under the same trading login.

- The position limits and leverage levels stated above are subject to Vantage's applicable XAUUSD247 product specifications, risk management requirements and any applicable trading restrictions. The applicable limits and leverage may vary based on the client's position and account circumstances and will be determined by Vantage's systems in accordance with the applicable product specifications.
- Participation in this Promotion does not override, increase, or otherwise modify any applicable XAUUSD247 trading or exposure limits, including but not limited to the lot size, Net Position, Gross Position, and tiered leverage limits set out above. These limits apply at all times regardless of a client's participation in this Promotion, and will take precedence over any Promotion mechanics, including the calculation of Notional Volume and Cashback Reward.
- For the avoidance of doubt, a trading login being placed into Close Only mode as a result of reaching the applicable Net Position or Gross Position limit does not constitute a violation of these Terms. Any Cashback Reward already accrued prior to such event will not be affected or forfeited.
- Any trade that cannot be opened or executed as a result of a trading login being in Close Only mode will not form part of the client's eligible Notional Volume for the purposes of this Promotion.
